

Northern Rocky Mountain Educational Research Association

Call for Manuscripts
Special Conference Edition
Educational Research: Theory and Practice
in Lieu of the 2020 NRMERA Annual Conference

The Northern Rocky Mountain Education Research Association (NRMERA) is seeking manuscripts for an upcoming special edition of *Educational Research: Theory and Practice*. The purpose of the special issue is to highlight brief reports of your work, and allow dissemination of research and materials from NRMERA members to a larger audience. Submissions should be reports of empirical research, or manuscripts with a strong connection to empirical research. If you have questions, please contact the editors at: editor@nrmera.org.

We ask that the text of these manuscripts be limited to about six double-spaced pages, excluding abstracts, tables, figures, appendices, and references. **These are not meant to be full manuscripts.** For full manuscripts, refer to the [ERTP Submission Guidelines](#) on the NRMERA website for information about regular issue submissions to *Educational Research: Theory and Practice*.

All papers should be written in APA 7th Edition format, and should include an abstract and up to 5 keywords. For each submission, please include one manuscript file in Microsoft Word with all information about authors removed, and one separate Word file containing only the cover sheet with author identification and contact information.

Submit papers by October 15, 2020, for publication in this special in-lieu-of-conference issue. Submit questions and papers to the ERTP editors, Bob Ives and Rod Case, at: editor@nrmera.org.
